

Peak Academy of Dance

Student Visitation Form

We are delighted that you are interesting to visit Peak Academy of Dance. The perfect fit of class type, time and level for your student is our goal. In order to achieve this goal, it is very important for students to explore what options are available for them. Different teachers, different dance forms, even different times of the day can all have an impact on the success of your student. For this reason we encourage students to take the first week of classes to explore as many classes as they would like at the appropriate level. There is no cost for this service. It is simply the best way we can work together to find the perfect fit.

Please do the following steps in order to prepare for a visitation.

1. Please go to our website download both a schedule and a registration booklet. Read about the classes you are interested in the registration booklet. View the videos of each different dance form on the website.
2. Start online registration on home page of the website so that our insurance will cover your visitation. Don't register students for classes, just set up an account.
3. Fill out the below form. Scan it or take a picture of it and send it into peakdance@msn.com.

Student and Family Information

Please take time to fill out the following information so that we can pass it on to our instructors.

Parents Name: _____ Students Name: _____
